

REMARKS

The undersigned acknowledges the brief telephone interview of April 30, 2009 with Examiner Russel where a request for clarification was made. The Examiner indicated that the generic claims would be examined with the elected species.

In response to the requirement for an election of a species, the applicant elects species 2, and notes that claims 5-8, 13 and 14 are drawn to the species and claims 1, 2, 9-12 and 15-21 are generic.

An early and favorable action is earnestly solicited.

Respectfully submitted,
